

## International Nursing PhD Program

### OUR UNIVERSITY, NTUNHS

National Taipei University of Nursing and Health Sciences founded in 1954 is well known as the first nursing college in Taiwan. In 2017, NTUNHS launched an international nursing doctoral program which was the pioneer in the country. In response to the diversity in the students' development and career planning, the School of Nursing with the best-rated PhD-level faculty in the country can address the trend and changes. We develop competency-based courses relevant to nursing research and practice, and more importantly offer skills and opportunities for excellence. Our doctoral nursing program aims to nurture talents in leadership, education, and research pertaining to healthcare issues and themes worldwide.

### OUR SPECIAL FEATURES

Our program focuses on the students' learning goals in order to be a competent researcher and academics supported by advanced courses including philosophy of science and knowledge development, quantitative and qualitative research methodologies, international health policies, and systematic reviews with meta-analysis which are the strengths of our School of Nursing consisted of diverse teachers and resources. We show enthusiasms and supportive atmosphere particularly in our student learning needs and discussion guided by teachers and staff with excellence. Many extracurricular activities such goal-oriented visits and social clubs reinforcing the students' multiple competences are designed and sustained by our university so that our students can enjoy learning holistically and attain achievements that reflect the best outcomes for their academic journey and graduation.

### CURRICULUM

\*The course list is subject to change based on the School of Nursing Curriculum Committee.

\*\* NTUNHS PhD in Nursing program consists of 18 credits core courses, 9 credits of elective courses, and 12 credits of dissertation courses.
